

AI-185

is a GSM wireless security , fire & medical alert control panel.

Specifications

	AI-185
Zone	8 Wireless, 4 Wired
Receive Phone	6
Event Log	50
Tamper Switch	yes
Receiving frequency	433.92MHz ± 75KHz
Firing frequency	315MHz ± 75KHz
GSM Frequency	900/1800MHz Dual automatic switching
Input Voltage	15V DC (Back-up battery: 9.6V / 2100mA/h)
Current	≤ 45 mA (Standby) ; ≤ 400 mA (Alarm)
Operating temperature	-10°C ~ + 40°C
Dimensions	238 x 160 x 38 mm
Weight	982 g

Features

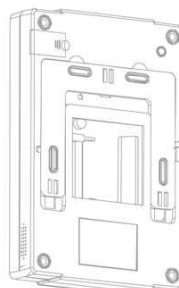

- User friendly operation
- Alarm reporting through GSM network.
- LED zone/sensor to indicate remote zone status.
- GSM remote control to Arm/Disarm alarm system. auto-gate & lightings etc...
